## Naturalvi Paper Tray French Paper

Naturalvi kraft paper trays help you optimize the quality of your fruits and vegetables by combining protection and presentation. Naturalvi paper trays make possible to reinforce the communication on your products and brands with customers and consumers thanks to the printing of your message or your logo. Made from 100% recyclable and biodegradable kraft paper, Naturalvi's trays are designed to pack your fruits and vegetables, even the most fragile, and help to increase their added value

### ◇ORGANIC NATURAL PACKAGING

100% organic recyclable packaging

Made from kraft paper, Naturalvi's trays fulfill the expectation of the companies engaged into sustainable development policies. Easily recyclable and biodegradable, they contribute to the environment protection reducing the carbon footprint of packaging

### ◇EXTENDED SHELF LIFE

Designed for a mature harvest, Naturalvi's paper trays regulate humidity and provide ventilation and good hygrometric parameters. The depth of the pockets assures absence of contact between fruits, eliminating bruising risks and excess of heat during transport

### ◇MAKE THE DIFFERENCE ON THE SHELVES

A clear and airy presentation on the shelves is what Naturalvi's trays offer to your brand, making the difference on the displays

### ◇BRAND AWARENESS

Naturalvi's Trays are fully customizable. Your brand, logo or message can be printed. Your fruits will be instantly recognisable. Naturalvi's trays contribute to your brand awareness reinforcing your image

## NaturalPlus Paper Tray

A universal, ecological, packaging solution for all your products

Naturalplus kraft paper trays are designed to protect your fruits and vegetables during transport and also to optimize their presentation on the shelves. Made from kraft paper 100% recyclable and biodegradable, NaturalPlus is a packaging solution that adapts to all your needs.

### •SIMPLIFY YOUR STOCK WITH NATURALPLUS

NaturalPlus adapts to all fresh produce shapes with its semi spheres positive and negative. It can be used on the bottom, top or middle of your fruit box. It allows to have only one packaging reference for many different uses. Your fruits and vegetables, thus protected, keep all their freshness and aesthetics once on the stalls

### •OPTIMIZING CONSERVATION

Designed for a mature harvest, NaturalPlus paper trays regulate humidity and provide ventilation and good hygrometric parameters. The depth of the pockets assures absence of contact between fruits, eliminating bruising risks and excess of heat during transport

### •BRAND AWARENESS

Naturalvi's Trays are fully customizable. Your brand, logo or message can be printed, your fruits will be instantly recognisable. Naturalvi's trays contribute to your brand awareness reinforcing your image

### •ECOLOGICAL ORGANIC PACKAGING

100% organic recyclable packaging

Made from kraft paper, Naturalvi's trays fulfill the expectation of the companies engaged into sustainable development policies. Easily recyclable and biodegradable, they contribute to the environment protection reducing the carbon footprint of packaging
