

<p>Attests that the mentioned products are produced pursuant at the following standards:</p> <ul style="list-style-type: none"> <li>- EN 13428 : Prevention with reducing at source.</li> <li>- EN 13430 : Recycling material.</li> <li>- EN 13431 : Energy recovery.</li> <li>- EN 13432 : Increase in value by compost and biodegradable</li> </ul>	
<p><b>Compliance with Non-European food contact legislation</b></p> <ul style="list-style-type: none"> <li>- <b>Compliance with Swiss legislation</b></li> </ul> <p>Our Kraft paper trays are in compliance with the Swiss legislation shown below:</p> <p>SR 817.023.21: Ordinance on materials and objects intended to come into contact with foodstuffs:  <a href="https://fedlex.data.admin.ch/eli/cc/2017/164">https://fedlex.data.admin.ch/eli/cc/2017/164</a></p>	

<p><b>MOSH and MOAH</b></p> <p>According to our knowledge and based on information from our suppliers, we do not add any MOSH (mineral oil saturated hydrocarbons) or MOAH (mineral oil aromatic hydrocarbons) during the manufacturing process to any of our products.          Our products are regularly checked.          The content and specific migration of MOSH, MOAH is in accordance with the regulations.</p> <p><u>Result (mg/kg):</u>          MOSH &lt; 1.00          MOAH &lt; 1.00</p>	Chemicals and NIAS
<p><b>Bisphenol</b></p> <p>Based on information from our suppliers, we hereby confirm that we do not intentionally add:</p> <ul style="list-style-type: none"> <li>- Bisphenol A CAS no 80-05-7</li> <li>- Bisphenol B CAS no 77-40-7</li> <li>- Bisphenol E 1,1-Bis (4-hydroxyphenol) Ethane</li> <li>- Bisphenol F CAS no 87139-40-0</li> <li>- Bisphenol G CAS 127-54-8</li> <li>- Bisphenol M CAS no 13595-25-0</li> <li>- Bisphenol S CAS no 80-09-1</li> <li>- Bisphenol P CAS no 2167-51-3</li> <li>- Bisphenol Z CAS no 843-55-0</li> <li>- Other bisphenols</li> </ul> <p>During the manufacturing process of the products specified above. It can therefore be stated, with a reasonable degree of certainty that these substances are not present in the product, except for ubiquitous traces which may be present in the environment. The above mentioned products are manufactured from virgin fibres.</p>	Chemicals and NIAS

<p><b>REACH (Registration, Evaluation, Authorisation and restriction of Chemicals)</b></p> <p>We attest that the mentioned products are in conformity with the REACH regulation n° 1907/2006 of December 18th, 2006 and contain no SVHC substances in a concentration greater than 0.1% of the weight of the article from the candidate list in force to date. Based on the information concerning our manufacturing processes and the qualitative and quantitative data obtained from our suppliers of raw materials.</p>	
<p><b>Fluorochemicals (PFAS)</b></p> <p>Based on information from our suppliers, we hereby confirm that we do not intentionally add any organic fluorochemicals including Perfluoroalkyl sulphonates (PFAS), Perfluorinated tensides, Fluorotelomers alcohol ( FTOH), Perfluorooctane sulfonate (PFOS), Perfluorooctanic acid (PFOA) during the manufacturing process of the above named NATURALVI paper trays.</p> <p>During the manufacturing process of the products specified above. It can therefore be stated, with a reasonable degree of certainty that these substances are not present in the product, except for ubiquitous traces which may be present in the environment. The above mentioned products are manufactured from virgin fibres.</p> <p>Consequently, we do not analyse the products for these substances on a routine basis.</p>	

<p><b>Sustainability of sourced pulp wood.</b></p> <p>We attest that 100 % of our production is made with paper provided by FSC certified suppliers, and based on the ecolabel's attestation of conformity ( GQC attestation n° AC2022/12/383).</p> <p>The FSC certificate can be request by the customer. A Traceability check including the correct FSC certificate is performed.</p>	<p>Sustainability , wood source</p>
